Overall Summary of Northern Virginia Wrestling Federation

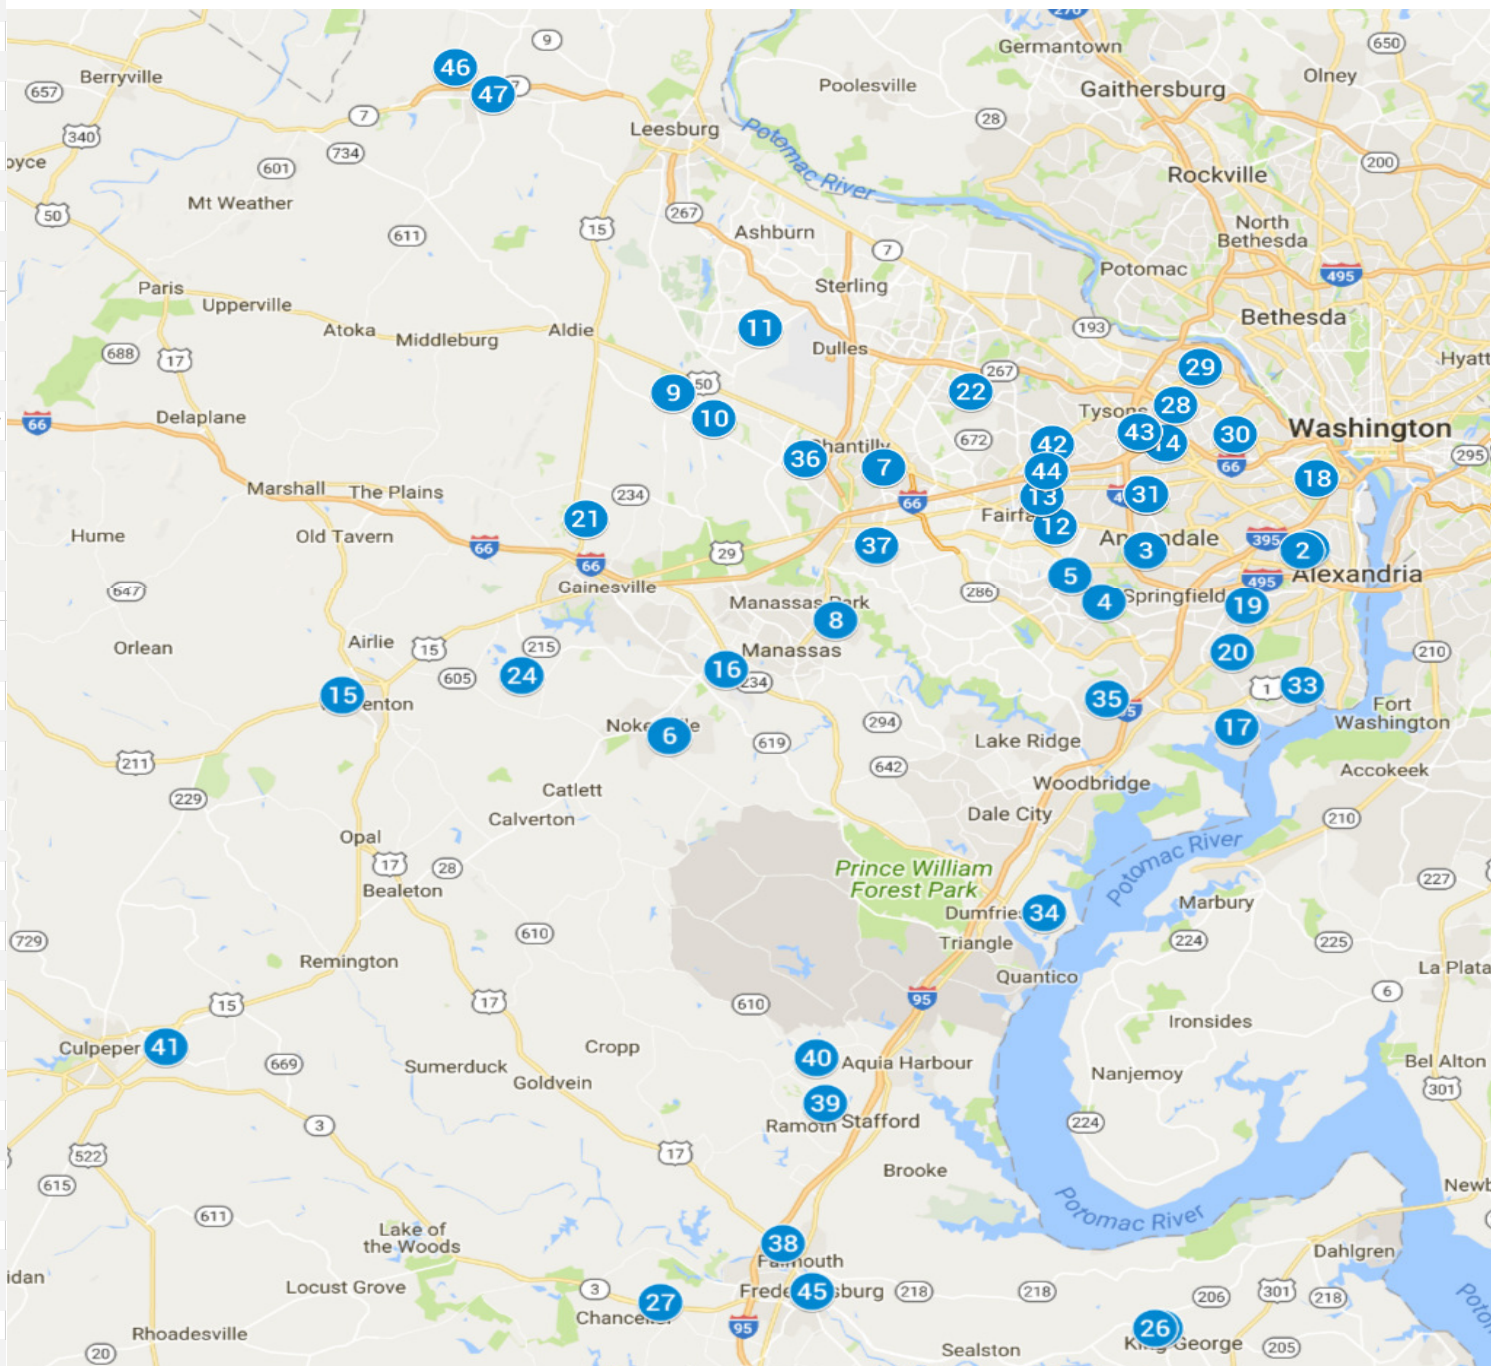

- NVWF operated since the late 1960's but was later formed as a 501(c)3 non-profit corporation registered in Virginia in the early 2000 period
- NVWF is comprised of elected officers from 30+ clubs located in the northern Virginia area to advance the sport of wrestling for male and female athletes
- Each year there are roughly 1500 participants ranging in age between the Kindergarten and 8th grades principally designed to serve kids with basic or low level advance skills
- Clubs have participated from many northern Virginia counties such as Loudoun, Fairfax, Prince William, Arlington, Fauquier, Stafford, Culpeper, King George, and others
- Cities include Alexandria, Fairfax, Falls Church, Manassas, Manassas Park, Leesburg, others
- Clubs operate as independent entities and compete together as part of the NVWF league all of which are associated, insured, and registered as part of USA Wrestling, Inc.
- Winter practices held November through February, although many clubs operate year-round
- A Folkstyle individual competition format is used during the winter season with two venues held simultaneously on select Sundays in December, January, and February. Each venue arranges competition areas on mats to give wrestlers 2-4 round robin matches
- A final season-end finale is held on a Saturday and Sunday for all wrestlers at one central location on the last full weekend of February
- Parents register with both the NVWF and their own clubs between September through November typically starting with their own clubs first

Key points

- Shows a correlation between the grades and birth years
- Public schools consider September 1st as the start for a grade; for example, 6th graders are kids born Sep 04 – Aug 05
- NVWF uses two-year groups for Intermediates for example 2004-2005 roughly equivalent to 6th and 7th graders
- Age groups are generally defined as kids born in calendar years beginning January 1st of one year and extending to the end of the 24th month of the next birth year; the term 12U for example is a child born on or after January 1, 2005
- Middle school is defined as birth dates Sep 1, 2003 and Aug 31, 2006, a span of 36 months, otherwise defined as those born on or after September 1, 2003 to prohibit older 9th graders from participation
